

Innovating Excellence, Strategically

CORPORATE PORTFOLIO

About Us

SBA Group is a global firm committed to delivering high-quality services to clients worldwide. With a legacy dating back to 1953, SBA Group has evolved from a focus on audit and taxation to a diverse portfolio of services, including International Taxation Consulting, Audit and Assurance, Business Advisory, and Information Technology.

Vision

To be the most trusted and innovative leader in the business consulting, driving progress and sustainability through our professional values and responsible practices. We envision a future where our expertise helped us build relationship of trust with our clients who see us as their consulting partners

Mission

To be a leader in professional services, providing the highest quality solutions through deep expertise and a commitment to innovation

Our Services

Committed to helping our clients
achieve their business goals
through strategic advice and timely
execution

International Taxation

We simplify complex anti-dumping, anti-subsidy, and countervailing duty regulations. Our expertise minimizes your duty liabilities.

Audit and Assurance Services

Our experienced team ensures accurate financial reporting and regulatory compliance, specializing in complex transactions and evolving mandates.

Business Advisory

Expert guidance for optimized business functions, strategic goal achievement, and enhanced efficiency and effectiveness.

Technology & Innovation

We help organisations modernise operations through automation, data-driven systems, and digital tools that improve accuracy, visibility, and informed decision-making.

Value Proposition

Integrity, confidentiality, and professionalism guide our actions and unite our team.

Experienced Team

Experts with over 200 years of combined experience in various service areas.

Global Reach

Network of offices in India and associates across the world to serve a global clientele.

Integrated Approach

Combines legal and accounting expertise for comprehensive solutions.

Focus on Technology

Leverages data analytics and technology tools to deliver efficient and effective services.

Client-Centric Approach

Committed to exceeding client expectations through quality service and professional expertise.

Business Advisory

SBA offers end-to-end accounting and bookkeeping services, including general ledger maintenance, accounts receivable/payable management, bank reconciliation, and payroll support. We prepare customized financial reports and assist with tax filings, ensuring full regulatory compliance. Our solutions include tailored expense tracking and scalable bookkeeping systems. Beyond compliance, SBA supports strategic planning, financial forecasting, and performance improvement. We help businesses with market entry strategies, digital transformation, and risk management. Our team also assists with change management and leadership development to align people, processes, and strategy for sustained growth.

- Preparing monthly, quarterly, and annual financial statements, including balance sheets, profit & loss statements, and cash flow statements.
- Providing customized reports tailored to your business's specific needs.

Tax Preparation Assistance

- Organizing financial data to facilitate smooth and accurate tax filings.
- Coordinating with tax professionals to ensure compliance with local and federal tax laws.

Expense Tracking and Management

- Monitoring and categorizing expenses to identify cost-saving opportunities.
- Helping you adhere to your budget and financial goals.

Customized Bookkeeping Solutions

- Adapting our services to meet the unique requirements of your industry and business model.
- Offering scalable solutions to grow with your business.

Key Benefits of Bookkeeping by SBA

»» Real-Time Financial Accuracy

Our bookkeeping services provide up-to-date and precise financial records, helping you make timely and informed business decisions with confidence.

»» Better Cash Flow Management

We monitor receivables, payables, and expenses consistently, helping you maintain a healthy cash flow and avoid liquidity crunches.

»» Scalable Services for Growing Businesses

Tailored solutions that adapt to your evolving business needs, ensuring efficiency, flexibility, and long-term success in a competitive market.

»» Technology-Driven Efficiency

We leverage modern accounting software to automate data entry, reconciliation, and reporting—improving speed, accuracy, and reducing manual workload.

Business Strategy Services

Strategic Planning & Development

- Crafting comprehensive business strategies aligned with your organizational goals.
- Conducting market analysis to identify opportunities and threats.

Performance Improvement

- Assessing current operations to identify inefficiencies and areas for enhancement.
- Implementing solutions to optimize processes and improve overall productivity.

Market Entry & Expansion Strategies

- Providing detailed market research for entering new markets or expanding existing operations.
- Developing go-to-market strategies to maximize impact and profitability.

Financial Planning and Analysis

- Creating robust financial models to support strategic decision-making.
- Conducting cost-benefit analysis and forecasting for informed financial planning.

Business Strategy Services

Risk Management

- Identifying potential risks and developing mitigation strategies.
- Ensuring compliance with industry standards and regulatory requirements.

Change Management

- Assisting with the seamless implementation of strategic initiatives.
- Providing support for organizational restructuring and cultural transformation.

Digital Transformation Strategies

- Guiding businesses in adopting and integrating advanced technologies.
- Creating strategies to leverage digital tools for enhanced efficiency and innovation.

Leadership and Team Development

- Offering executive coaching and leadership training.
- Building cohesive teams aligned with the company's vision and objectives.

International Strategic Business Development

Global Market Entry Strategy

Here we are providing the strategic consultancy to the corporate where they can enter into the market based on their product or services.

Business Setup & Incorporation

We offer end-to-end support for overseas business setup and incorporation, including company registration, virtual office services, and assistance with opening bank accounts. Our services cover initial capital infusion under ODI, starting business operations, and setting up overseas warehouses. We also handle RBI compliances such as APR and FLA filings, along with US Federal Tax Return and franchisee tax-related services.

Location Assessment & Jurisdiction Selection

Conducting comparative studies to evaluate the best-suited countries/cities based on taxation, infrastructure, cost of operations, legal frameworks, and ease of doing business.

Post-Setup Operational Support

Offering operational support post-establishment such as outsourced CFO services, business process outsourcing, and performance monitoring systems.

Why SBA Group?

»» Deep Industry Expertise

With a proven track record across diverse sectors—from manufacturing to healthcare—our team brings deep domain knowledge to address your specific accounting and strategic needs effectively.

»» Commitment to Accuracy and Confidentiality

We maintain the highest standards of precision in financial reporting while ensuring your sensitive data is handled with utmost confidentiality and compliance.

»» Seamless Integration with Leading Accounting Software

Our workflows are compatible with top-tier accounting platforms like QuickBooks, Xero, Zoho Books, and Tally—ensuring smooth onboarding, automation, and reduced manual effort.

»» Personalized Support with Global Insights

You receive one-on-one guidance tailored to your business goals, backed by global market intelligence, helping you stay agile and competitive in any environment.

Industries We Serve

At SBA Group, our expertise spans multiple sectors. We understand that each industry has unique financial and strategic needs—so we tailor our services to deliver maximum impact and value.

Manufacturing :- We support manufacturers with cost accounting, inventory control, budgeting, and supply chain financial planning to optimize production efficiency and profitability.

Retail & E-commerce :- From managing high transaction volumes to tax compliance and cash flow tracking, we help retailers and online businesses streamline operations and scale efficiently.

Real Estate :- We assist real estate firms with investment analysis, lease accounting, project financing, and tax strategies for property development and asset management.

Professional Services :- For law firms, consultants, and agencies, we offer time-tracking, client billing systems, and profitability reporting to improve financial performance.

Healthcare :- We help healthcare providers manage complex billing cycles, regulatory compliance, payroll for clinical staff, and cost control for sustainable practice management.

Hospitality :- We support hotels, restaurants, and travel businesses with POS system integration, seasonal cash flow forecasting, and operational cost analysis to boost profitability.
